Columbia Grid
Northern Tier Transmission Group

*Marv Landauer, COGR
Sharon Helms, NTTG*

7. **WEBSAS**

Paul Rice, WECC

Break

8. **Intra-hour Tagging**

Panel: Craig Dean, IBR; Troy Simpson, BPA; and Demetrios Fotiou, PWX

Who is doing this?
Are there any Settlement Issues?
What are your experiences/lessons learned?
Transmission vs. Marketing

9. **DSO-216 vs. 'Environmental Dispatch' curtailments**

Francis Halpin, BPAP and Kevin Johnson, BPAT

What are they?
What are the differences?
When are they used?
Are these considered FM or not
Can LD's be charged?

10. **Integration of Variable Generation**

Hardev Juj, BPA

11. **Burning Issues**

Open Discussion

Tagging Issues:

- o Reasons for Curtailments – ID codes definitions and/or add comments
- o Pre-Schedule Curtailments – why are these curtailed each hour rather than curtailing the entire tag
- o Resupply Tags – marketers are being left off the tags
- o Emergency Tag – when are these appropriate to use?
