

TCWG Meeting Notes
May 13, 2008

1. **Dana Reedy:** Pull BPA's and PGE's Contingencies from TCWG's site.
2. **All:** Provide guidance on what resources would be targeted for stressing a project (perhaps in the same format as provided by BPA)
3. **Kyle Kohne:** Email the handout of BPA generation dispatch to stress the various paths in PNW distributed at this meeting and post it online- Anders Johnson completed this 4/13/2008
4. **Gary Keenan** will send out the matrix (pdf). Then, each entity will send comments to Phil Park.- Gary completed this 5/13/2008
5. **B. Vijayraghavan:** To provide 2015 heavy summer base case with PG&E, PGE and PacifiCorp-Gateway west project up to Hemmingway sub modeled and status off. Bring the flow back to the benchmark case, and then send it to Roger Grimm (Idaho Power) to model the IPC project, who will send the case to Ben Williams (USE), who will model the Northern Lights project and send it to Philip Augustin (PGE), who will then transmit the case to members of TCWG. Target date before end of May.
